4. NOTABLE FEATURES, HISTORICAL SIGNIFICANCE AND DESCRIPTION OPEN TO PUBLIC <p>A rather long building for Main Street, its low profile offers good views of the rear of Shaw House, the side of 216, the slate roof on the building east of it, and the State House. Brick work and cornice (with modillions and dentils) are original and period; the two windows (18/18 with fanlights) and the three pedimented doors are colonial revival (1920s?) - are academically correct but slightly odd in scale. Building should be retained, size of lot would make taller building possible and would ruin vistas of street and State House.</p>
